

IVAYLO BLAZHEV

Senior Software Developer

PROFILE

With over 14 years of experience in software development, I've worked across both large corporations and agile startups, adapting to various team dynamics, technologies, and business challenges. My strength lies in quickly learning, adapting, and optimizing solutions, enabling me to thrive in fast-paced and ever-evolving environments. More than just writing code, I bring an entrepreneurial mindset to every project, ensuring that technology supports and drives business goals. I am passionate about staying up-to-date with industry trends, exploring emerging technologies, and applying best practices to deliver innovative, scalable solutions. From architecting platforms to optimizing workflows and advising on technical decisions, I offer practical solutions that enhance efficiency and fuel growth.
